Subject: Notice of File Closure, The Bug House, Drum Slate 1, S/023/072, Juab County, Utah

Dear Mr. Crapo:

The Drum Slate #1, a small mining permit, file number S/023/072, located in Juab County, Utah, will now be closed and the file retired.

You will recall that mining at this location was conducted without having the right of entry and a cessation order was issued which required mining to cease. This order was later terminated in March 2006 because Mr. Dale Rogers had taken over the permitting and bonding responsibility for the area comprising the Drum Slate #1 mine site. Since another entity has assumed the responsibility for mining at this location and you no longer have the rights to mine this site, the Division will release your permit and close the file. There was no reclamation surety posted with the Division, so no reclamation surety will be released or need to be released at this time.

You are hereby released by the Division from further mining or reclamation responsibilities at this site. You are not required to pay the \$150.00 permit fee as recently requested. If you wish to conduct any future mining related activity in this area, you will need to submit a new notice to the appropriate agency(s), prior to creating any disturbance.

This letter does not constitute any releases from the Bureau of Land Management and you may need to satisfy other requirements that they have with regard to this operation.

If you have any questions or concerns regarding this action, please contact me at (801) 538-5325 or Tom Munson at (801) 538-5321. Thank you for your time and consideration in completing this action on this project.

Sincerely,

Daron R. Haddock  
Mine Compliance Supervisor  
Minerals Regulatory Program
